

# STEM

## PAID INTERNSHIPS | SUMMER 2020

### STEM UNDERGRADUATES THINKING ABOUT A CAREER IN TEACHING | GET PAID £1,102\* TO GAIN EXPERIENCE

#### WHY COMPLETE AN INTERNSHIP?

Our four-week internship programme is a great way for Maths and Physics undergraduates in their second year to gain quality, real-world experience across two professional placement settings, to develop your professional skills, awareness and ability.

Learn how to apply your subject knowledge as an educator and learn more about a future career in teaching.

#### INCLUDED WITHIN THE PROGRAMME:

121 Mentoring | Launch Event | Weekly Pay | Learning Walks | Lesson Observations | Expert-led Curriculum Guidance | Lesson Preparation | Hands-on Lesson Delivery | STEM Project | Main & Contrasting Educational Placements | Transition Guidance | Support Network | Alumni Support | Planning Tools | Workload Reduction Strategies | Guest Entrance to the Festival of Education | ITT Application Support | Interview Coaching

#### MAKE YOUR APPLICATION BY FRIDAY 27TH MARCH 2020

Visit our website, download and return the STEM Internship 2020 Application form located under the CPD tab. Or contact us directly via the details below

\*£1,102 for the four-week internship will be paid directly to successful interns, subject to meeting attendance requirements
