

KS3 Food

Super Curriculum

Welcome the Y7 and Y8 Food Super Curriculum!

Below, you'll discover a variety of activities designed to challenge and extend your learning beyond the classroom curriculum.

This year, let's look at Food and the environment!

Read

1. Read the article on the BBC website 'What if we only eat food from local farms.' Complete the activity: 'How do your food choices impact the environment.'
<https://www.bbc.co.uk/news/uk-scotland-51225644>

Watch

1. Presentation is very important in the food preparation and cooking industry. Follow Link (below) to watch demonstrations of food presentation.
<https://www.youtube.com/watch?v=02Brgs60BiY>
2. With a growing population Food security is a real issue. Watch the link below to understand the importance of growing food. [Cary Fowler: One seed at a time, protecting the future of food | TED Talk](#)

Listen

1. Listen to the argument on the positive or negative aspects of genetically modified (GM) foods. [Pamela Ronald: The case for engineering our food | TED Talk](#)
2. Listen to the modern machines being used to harvest crops in agriculture. [Amazing Agriculture Machines Operating At An INSANE LEVEL](#)

Do

1. Look up two recipes of your own choice to use the biological raising agent and use a chemical raising agent. Use the BBC good food website for interesting recipes.
2. Visit a supermarket and note down ten different vegan alternatives they have on sale. Compare the prices to the nonvegan options.
