

Year 7 Maths Day

On the 6th of July, when some of the year 7's went to Normandy, the rest of us had an activities day at school. We spent the day in the Maths block doing fun maths activities. We were doing mathematical challenges including Battleships and Noughts and Crosses. All maths versions of course! After this, we got into groups of four and created our own maths game. My group made a hilarious game called Brain Ninja where you had to do quick equations to defeat the boss. I enjoyed the day a lot.'
