25th April 2023

Dear Parents and Carers of The Piggott School and Altwood C of E School

We write to inform you of the dates and times for the consultation meetings with parents and carers in regards to the proposed formation of The Agape Multi-Academy Trust.

Each school will be holding a consultation meeting during May 2023. Parents and carers may attend meetings at either The Piggott School or Altwood C of E School.

The first meeting will be at The Piggott School, RG10 8DS, on Thursday 4th May 2023 from 6:30pm to 7:30pm.

The second meeting will be at Altwood C of E School, SL6 4PU, on Tuesday 9th May 2023 from 6:30pm to 7:30pm.

The parental consultation into the formation of the trust started last week, and will finish on 12th June 2023.

If you have questions regarding MAT conversion, we will look to answer these during the events. Questions can be sent in advance to: MATconversion@piggottschool.org, from which an FAQ document will also be produced.

If you are planning to attend either event, please contact reception at the relevant school so we can plan for numbers.

A MAT overview summary is included with this letter for your information.

We look forward to seeing you at the consultation meetings.

Yours faithfully

D J Gray
Executive Headteacher
The Piggott School

N M Dimbleby
Headteacher
Altwood C of E School

The Agape Multi-Academy Trust (MAT)

Executive Summary

Our Vision

A collaboration of schools which improves the educational experiences and outcomes for children, maximizing the benefits of working together, whilst maintaining the individual culture and ethos of each individual school.

Background

A MAT is a charitable company, limited by guarantee, and covered by both Company and Charity law.

The set-up and operation of any school-based MAT is determined by the school within models agreed by the DfE. When Church schools are involved, as in this case, the models used are also those agreed by the Church of England.

Members (who are the equivalent of shareholders – their main role is to appoint the directors/trustees)

Directors/Trustees – who sit on the Company Board, set company policy and are responsible for ensuring the company is solvent, and runs the MAT effectively.

Local Governing Committees (LGCs) – these have strategic oversight over individual schools, with delegated authority from the trustees. Each school would have its own LGC.

Local Governing Committees would retain some of the powers of their current Full Governing Board.

Benefits

Sharing experience and skills across schools will lead to improved outcomes for students and professional development opportunities for staff at all levels. This would develop a stronger synergy and connectedness across the schools in the MAT. School improvement strategies and expertise would be shared between schools.

Staff in the MAT would benefit from the healthy working initiatives available in each school such as lap top computers for all staff, free gym access, discounted BUPA healthcare, Electric Vehicle Salary Sacrifice Scheme, well-being weeks and well-being days.

The site facilities at each site would be available to schools within the MAT to extend their current provision. Strong collaboration with shared accountability can lead to better educational experiences, progress and attainment for pupils.

Trustees can come together to share strategic thinking, combine skills and support each other. School leaders and teachers can share thinking and planning to spread expertise. School leaders, teachers and other staff could be shared across more than one school, enabling schools to find different solutions to recruitment, retention and flexibility, to retain staff by providing new opportunities within the MAT group and to succession plan more effectively.

Groups of schools can find it easier to source specialist personnel and expertise and provide richer curricular and extracurricular activities. Shared professional development opportunities are increased. The economies of scale and collective purchasing can lead to financial savings.

Risk Management

A process of due diligence will take place before any schools form or join the MAT. This is a process of months, not days.

Financials, staffing, facilities, contracts and site issues would be reviewed. There are small legal costs for schools in converting.

OfSTED and SIAMS

Each school is inspected and reported separately for OfSTED.

Each school is inspected and reported separately for SIAMS.

Admissions

Academies are their own admissions authority. The option is available for schools within a MAT to have preferential admissions arrangements cross phase.

Headteacher and SLT Appointments

CEO and Trustees would interview and recommend Headteacher appointments.

SLT appointments would be made by CEO, HT and LGC of each school.

Ethos, Values and Culture

Each individual school will retain and develop its own vision, ethos, values and culture. These will not be imposed upon any school by the MAT.

Schools' and MAT names

Individual schools retain their own names if they choose to.

The name of the MAT will be **Agape¹ Multi-Academy Trust**.

People and Leadership

Current senior roles and staff would remain at all schools. With The Piggott as the lead school, other schools' staff would TUPE² across into the MAT.

Staff would be offered the opportunity to work across schools/ sites by invitation and negotiation.

The MAT would have a Trustee board to oversee the MAT. Each school would have a Local Governing Committee which reports to the Trustee board. Charvil Primary would retain its current primary governance committee. Trustees report to the Members.

The Trustee board would comprise Richard Thiele, Jan McLucas, Derren Gray, plus specialists in school leadership, Curriculum (primary), Curriculum (secondary), Finance, Pay, HR and Facilities.

DfE requires MATs to have a CEO. This would be Derren Gray, Executive Headteacher at The Piggott, with internal senior leadership capacity being created at The Piggott.

DfE requires academies to have a CFO. This would be the current Piggott School Business Manager and CFO, Poonam Bhardwaj.

The Governance Professional would be Rebecca Marr, LLB PDLF.

Finance, HR and Payroll systems would be centralised at Piggott with satellite staffing at other schools.

Site maintenance and development would be based around the current Piggott team of premises manager plus three caretakers, subsuming any existing caretaking staff at other schools to create a highly skilled localised provision. There will remain onsite provision at each school for site services/caretaking. This will reduce expenditure on external contractors and improve site facilities for all.

IT systems maintenance and offsite support would be based at The Piggott, with continuing on site provision at other schools. The IT staff at Piggott currently manage 1250 devices plus email, phones, printing, SIMS, MS Office and curriculum software/apps. They would support the current IT staff from other schools. There would remain onsite provision at other schools for IT services and support.

¹ In the scriptures, the love that Jesus talks about and refers to is **agape** love. The term agape refers to unconditional love. Christians believe this is the highest type of love, and it is the love that Jesus has for humans. Agape involves feeling so much love for someone that you put them before yourself.

² Transfer of Undertakings (Protection of Employment)

Project management

The conversion will nominally be led by Richard Thiele and Jan McLucas.

Operational issues will be delegated to Derren Gray, Neil Dimbleby, assisted by Rebecca Marr and the Oxford Diocesan Board of Education (ODBE).

Financial information (YTD, 3 year and reserves), building surveys and staffing structures will be confidentially shared. Site maintenance reviews will complement CDC surveys. Live contracts and expiry dates will be reviewed.

There will be some involvement with local authorities and the Diocese due to site specific issues (land, existing contracts and buildings).
