Dear Parents and Carers,

Another term has flown by, and Charvil has been buzzing with learning, activities and showcases.

This week, children have taken part in 'Safer Internet Day', assemblies focussed on celebrating the online world but sharing how to stay safe and who to go if they are worried anything. Year 5 and 6 learnt about their digital footprint, Year 2 learnt the difference between online and offline gaming.

If your children are anything like mine, then YouTube and Roblox are the go-to platforms for their online time, in this addition of Chatterings, I have included some parent guides to these websites to help you, help them stay safe.

The music and dance showcases were a wonderful way for all children to display their learning during the term. Who would have known that a class of children could play 'Eye on the tiger' on the recorder!

Last week, the CPSA hosted the school disco. There was a buzz across the school during the day with children discussing outfits and dance moves! Thank you to the team who expertly organised the event, it ran incredibly smoothly, and it was a joy to see the children having so much fun while raising money for the school!

Hope for the car park is on the horizon, as Wokingham Borough Council and Charvil Parish Council have agreed to jointly pay for the work. While we are waiting for the work to begin, please can we remind you to park in Charvil Village Hall and walk up to the school to avoid creating an unsafe environment for our children and blocking residents from accessing their houses.

Chatterings is a wonderful way to share and celebrate everything going on in school, but does take the staff many hours to put together, this is why we have moved to producing it less frequently but with more content in it. Now we have trialled this for a couple of terms, I would appreciate your feedback. Would you rather a more regular but slimmed down Chatterings, or continue with the current format. Please use the link below to take you to a poll to vote!  
<https://forms.gle/72ubJJCzj6ZRLV7x6> I will share the results with you soon.

Have a wonderful half term break!

### Parking at Drop off & Pick Up

We understand that parking is now a challenge, please can we politely remind you that if you do need to use the car for school drop offs and pick ups, that the **Village Hall car park is open for school parking each day.** Please do not park on the pavement or yellow zig zag lanes along Park Lane, on any double yellow lines in the surrounding area.

**DO NOT USE THE LANE NEXT TO SCHOOL,** this is causing particular concern for the safety of the large amount of pedestrians using it and is also delaying staff from entering the car park.

### Personal Clothes and Belongings

Please ensure **ALL** your children's clothes and belongings that may come into school are named (uniform, shoes, gloves, coats, water bottles, hairbands...) and please name lunch bags on the **OUTSIDE.**

We collect an unnecessarily large amount of lost property but if items are clearly named then they will make their way back to you.

**If you are missing anything do come in and check the lost property box in the school office.**

## What Parents & Carers Need to Know about

# ▶ YOUTUBE ▶

YouTube is a video-sharing social media platform that allows billions of people around the world to watch, share and upload their own videos with a vast range of content – including sport, entertainment, education and lots more. It's a superb space for people to consume content that they're interested in. As a result, this astronomically popular platform has had a huge social impact: influencing online culture on a global scale and creating new celebrities.

### INAPPROPRIATE CONTENT

YouTube is free and can be accessed via numerous devices, even without creating a YouTube account. Some content is flagged as 'age-restricted' (requiring the user to be logged into an account with a verified age of 18), but children can still view some mildly inappropriate material. This can include profanity and violence, which some young users may find upsetting.

### CONNECT WITH STRANGERS

YouTube is a social media platform which allows people to interact with other (usually unknown) users. Account holders can leave comments on any video they have access to, as well as messaging other users directly. Connecting with strangers online, of course, can potentially lead to children being exposed to adult language, to cyberbullying and even to encountering online predators.

### SUGGESTED CONTENT

YouTube recommends videos related to what the user has previously watched on their account, aiming to provide content that will interest them. This is intended to be helpful but can also lead to binge-watching and the risk of screen addiction, especially if 'auto-play' is activated. Users without an account are shown popular videos from the last 24 hours, which might not always be suitable for children.

### HIGH VISIBILITY

Content creators can also be put at risk – especially young ones who try to make their online presence as visible as possible. Creating and uploading content exposes children to potential harassment and toxicity from the comments section, along with the possibility of direct messaging from strangers. Videos posted publicly can be watched by anyone in the world.

### TRENDS AND CHALLENGES

YouTube is teeming with trends, challenges and memes that are fun to watch and join in with. Children often find these immensely entertaining and might want to try them out. Most challenges tend to be safe, but many others may harm children through either watching or copying. The painful 'salt and ice challenge', which can cause injuries very quickly, is just one of many such examples.

### SNEAKY SCAMMERS

Popular YouTube channels regularly have scammers posing as a well-known influencer in the comments section, attempting to lure users into clicking on their phishing links. Scammers impersonate YouTubers by adopting their names and profile images, and sometimes offer cash gifts or 'get rich quick' schemes. Children may not realise that these users are not who they claim to be.

## Advice for Parents & Carers

### APPLY RESTRICTED MODE

Restricted Mode is an optional setting that prevents YouTube from showing inappropriate content (such as drug and alcohol abuse, graphic violence and sexual situations) to underage viewers. To prevent your child from chancing across age-inappropriate content on the platform, we would recommend enabling Restricted Mode on each device that your child uses to access YouTube.

### TRY GOOGLE FAMILY

Creating a Google Family account allows you to monitor what your child is watching, uploading and sharing with other users. It will also display their recently watched videos, searches and recommended videos. In general, a Google Family account gives you an oversight of how your child is using sites like YouTube and helps you ensure they are only accessing appropriate content.

### CHECK PRIVACY SETTINGS

YouTube gives users the option of uploading videos as 'private' or 'unlisted' – so they could be shared exclusively with family and friends, for example. Comments on videos can also be disabled and channels that your child is subscribed to can be hidden. If your child is only uploading videos that are protected as 'private', they are far less likely to receive direct messages from strangers.

### CHECK OTHER PLATFORMS

Influential content creators usually have other social media accounts which they encourage their fans to follow. Having an open discussion about this with your child makes it easier to find out how else they might be following a particular creator online. It also opens up avenues for you to check out that creator's other channels to see what type of content your child is being exposed to.

### MONITOR ENGAGEMENT

YouTube is the online viewing platform of choice for billions of people, many of them children. Younger children will watch different content to older ones, of course, and react to content differently. You may want to keep an eye on how your child interacts with content on YouTube – and, if applicable, with content creators – to understand the types of videos they are interested in.

### LIMIT SPENDING

Although YouTube is free, it does offer some in-app purchases: users can rent and buy TV shows and movies to watch, for example. If you're not comfortable with your child purchasing content online, limit their access to your bank cards and online payment methods. Many parents have discovered to their cost that a child happily devouring a paid-for series quickly leads to an unexpected bill!

# What Parents & Carers Need to Know about

# ROBLOX

AGE RATING  
PEGI  
7

Roblox is one of the most popular video games on the market. By 2020, the game's makers were claiming that more than half of children in the USA play it. As a 'sandbox' title, Roblox offers a huge amount of creative freedom: it lets players create their own gaming experiences with the Roblox Studio to build custom levels and games, which can then be shared with other players online. Roblox fosters creative thinking and enjoys a robust online community of fans.

## WHAT ARE THE RISKS?

### CONTACT WITH STRANGERS

Roblox encourages players to communicate online (including a group chat facility). This could expose children to risks such as scammers, online predators, harassment, grieblers and more. The in-game chat has some filters, but isn't perfect: players can still send harmful messages to others – such as general hostility – while predators can reach out to children directly.

### PUBLIC SERVERS

Roblox has private or VIP servers which allow people to play exclusively with their friends, but this costs money. Most Roblox players will instead be on public servers that anyone can join. Servers can host games which focus on all kinds of aspects, including direct player interaction. Some games and servers, therefore, will put children more at risk of contact from strangers than others.

### ONLINE DATERS

These are also called 'ODers' and are quite common in Roblox. An ODer is an individual who joins a game with the intention of finding someone to date online – and eventually meet in person. Such online dating is against the Roblox community guidelines, but this usually doesn't deter ODers, some player-built Roblox game worlds have even been designed with online dating specifically in mind.

### IN-APP PURCHASES

Roblox is actually free to download and play, but bear in mind that there are some hidden costs. Players are encouraged to make purchases in the game, for example, using real money. People can also buy 'axle' Robux (the in-game currency) to spend on cosmetic items in the game, and some private or VIP servers also have a cost.

## Advice for Parents & Carers

### SET PARENTAL CONTROLS

Roblox comes with several parental control options, which are explained well on the game's official website. It's essential to enter the correct date of birth for your child, as that allows Roblox to automatically apply the appropriate chat filters. The game also allows parents and carers to set monthly spending restrictions and monitor their child's account.

### DISABLE PRIVATE MESSAGING

Roblox's private messaging function raises the risk of children being contacted by people they may not want to speak with – potentially leading to bullying, harassment, toxicity and scam attempts. The game allows you to disable messages from anyone who hasn't been added as a friend on your child's account.

### PRIVATE SERVERS

If your child has genuine friends who they play Roblox online with, paying for a private or VIP server decreases the risk of contact from strangers. Even then, however, some players could invite other people – who might not necessarily be child friendly – into the private server. If your child is a Roblox fan, it's important to talk with them regularly about who they are playing the game with.

### MONITOR SPENDING

If they don't understand they're using real money, it's easy for children to accidentally spend a sizeable amount in the game. Using parental controls to place limits on their spending will help avoid any nasty financial surprises. Ensuring that you have two-factor authentication on your payment accounts also makes it harder for your child to spend money inadvertently.

### DEALING WITH STRANGERS

At some point in their development, your child will need to learn how to deal with strangers online. Show them how to block and report any users who are upsetting them or asking uncomfortable questions. Talking to them about what's OK to discuss – and what they should never tell a stranger online – will help them understand how to communicate with others safely in the digital world.

# Foundation - Welly Wednesday

On Welly Wednesday it was a freezing cold day! We found out how hard it can be for the birds in the garden and the park to find food in winter and we decided to help them.

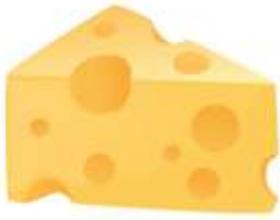

First we went bird spotting in the garden. Most of the birds were hiding but a red kite was flying overhead. We found some pictures of garden birds and matched them to our bird spotting sheets.

Then we worked with our partners to make different kinds of bird feeders - apples with sunflower seeds, bird kebabs threaded with bread, apple, cheese and raisins, and bird seed sandwiches.

We chose where to hang our bird feeders to make our garden into a takeaway for the birds.

We hope they enjoy the treats and that this will help them survive the winter.

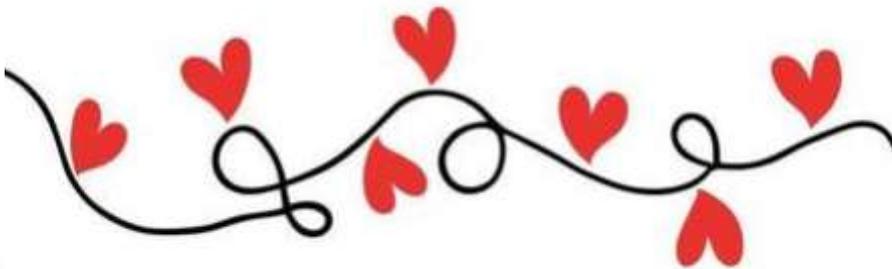

# Worship Leaders Assembly

Our Year 5 Worship Leaders hosted a wonderful assembly on contentment in January.

The Worship Leaders explained to the pupils what contentment means and how we feel it in our lives. They also explained that we do not need material objects to feel contentment.

Contentment is a state of satisfaction and happiness. It is also about thankfulness and kindness. Think back to your mental health.

How can we show contentment?

Sometimes we feel unhappy, but these people can help...

- Your friends
- Your parents
- Your teacher

Part of the assembly involved pupils working together to find hidden letters to spell out a word. Can you guess what the word was...?

# CONTENTMENT

What did we learn?

---

- How is contentment shared?
- Why is contentment so important?
- Who/what are you thankful for in life?
- Talk to the person next to you...

**Keep your lives free from the love of money and be content with what you have, because God has said,**  
**“Never will I leave you; never will I forsake you.”**

# Year 5 - Cooking

Our Year 5 class showed off their culinary skills this week, and really enjoyed preparing, cooking and most importantly eating their veggie bean fajitas. They smelled absolutely delicious - the recipe is below if you would like to try making them too .

## Ingredients

- 1 onion, finely sliced
- 2 garlic cloves, crushed
- 2 mixed peppers, deseeded and finely sliced
- 2 tsp paprika
- 400g tin chopped tomatoes
- 1 vegetable stock cube, made up to 150ml
- 2 x 400g tins black beans, drained and rinsed
- 100g Greek-style yogurt
- 15g fresh coriander, roughly chopped
- 1 lime, juiced
- 4 plain tortilla wraps
- 50g medium Cheddar, grated

## Method

1. Heat a large frying pan over medium-high heat. Add the onion, garlic and peppers to the pan and cook for 10 mins, stirring occasionally, until softened. Add the paprika and continue to cook for 1 min. Pour in the tinned tomatoes and the stock and cook for a further 15 mins until reduced. Add the black beans and cook for a further 5 mins to warm through.
2. Meanwhile, combine the yogurt with most of the coriander and half the lime juice; season well. Heat the tortilla wraps according to the pack instructions, or griddle if preferred.
3. Remove the pepper mixture from the heat, stir in the remaining lime juice and season to taste.
4. Divide between the 4 wraps, sprinkle over the cheese and drizzle with the yogurt dressing. Sprinkle over the remaining coriander to serve.

The CPSA plays a vital part in the school community and all parents, as members of the CPSA, are invited to attend the AGM. This is your chance to hear what the CPSA have achieved and our plans for the year ahead.

The AGM is also an opportunity for you to elect the CPSA Committee, who will represent the Association throughout the forthcoming year.

In order for us to run the committee successfully we require the following roles:-

Chair or Co-Chairs – VACANT

Treasurer

Secretary - VACANT

Ordinary Committee Member (min of 3) - VACANT

This year we are also recruiting for a CPSA rep in each class and also start to create a bank of CPSA Parent Helpers who we can call on to help with our events such as Disco's, Summer BBQ, Frosty Friday's etc. You will be able to sign up these roles at the AGM or please email [charvilpsa@gmail.com](mailto:charvilpsa@gmail.com) if you are unable to attend.
